District Trends Fall 2009 to Fall 2012

Definitions

Enrollment in this section is based on the credit and noncredit Full Term Reporting (FTR) definitions as follows:

FTR Criteria

FTR, Full Term Reporting, is a term used to indicate whether the student has met the minimum attendance requirements as either a credit or noncredit student as of term-end. The Chancellors office defines FTR credit and noncredit students as follows:

Credit FTR:

Student enrolled in at least one of the following:

- Weekly/daily census section
- Credit positive attendance section with 8 or more hours or .5 or more units earned.
- Credit independent study section with .5 or more units earned.

Noncredit FTR:

Student enrolled in noncredit positive attendance sections with 8 or more hours and did not enroll in a credit course. If a student meets one of the criteria to be a credit student, they are counted as such, and they are not counted as noncredit even if they enrolled in a noncredit course. This allows credit and noncredit enrollment at the district level to be added without double counting.

Enrollment Summary

Gender

In Fall 2012, the percentage of female credit students declined slightly compared to Fall 2011 (52.3% in Fall 2011 and 51.1% in Fall 2012).

This has been corrected moving forward and subsequent years should be correct. **
