Top Feeder High School Enrollment by Ethnicity

District Public High Schools -- Academic Performance Index Base and High School Exit Exams

2011 & 2012 Academic Performance Index (API) Base¹

Top Feeder High Schools	2011 API	2011 State-wide Rank	2012 API	2012 State-wide Rank
Cabrillo Senior High	791	7	794	7
Lompoc Senior High	709	4	708	3
Pioneer Valley High	721	4	740	4
Righetti High	748	5	757	5
Santa Maria High	678	2	694	3
Santa Ynez Valley Union High	824	9	833	9

API: The purpose of the API is to measure the academic performance and progress of schools. It is a numeric index that ranges from a low of 200 to a high of 1000. Eighty percent of the API for elementary and middle schools will rest on the California Standards Tests (CST); while almost 90 percent of the API for high schools rests on the standards test and the California High School Exit Exam. Specifically, the API includes the CST English Language Arts, as well as the CST Mathematics results for grades 2-11, the CST Social Science results for grades 10-11, and the California High School Exit Exam (CAHSEE) results. The remainder of the weight continues to be placed on the national, standardized norm-referenced Stanford Achievement Test, Ninth Edition (Stanford 9). By placing limited weight on the norm-referenced test, it is then possible to focus on testing to California's high standards while maintaining the ability to benchmark our students against the rest of the nation's school children.

State-wide Rank: All schools that receive APIs are ranked in deciles by school type based on grade level of instruction: elementary, middle, and high. A rank of 10 is the highest and 1 is the lowest. Each decile in each school type contains 10% of all schools of that type.

California High School Exit Exams -- (Combined for grade 10)²

All Students Tested

English/Language Arts	2011-2012			2012-2013		
	Number Tested	Number Passed	Percent Passed	Number Tested	Number Passed	Percent Passed
